## **U.S. Department of Energy 2003 UMTRCA Title I Disposal Sites Report Available**

(Grand Junction, Colorado)—The U.S. Department of Energy (DOE) announces the availability of the *2003 Annual Site Inspection and Monitoring Report for Uranium Mill Tailings Radiation Control Act Title I Disposal Sites* report.

In 2003, DOE was responsible for providing long-term surveillance and maintenance services at 19 uranium mill tailings disposal sites established under Title I of the Uranium Mill Tailings Radiation Control Act of 1978. Services include conducting site inspections and maintenance; monitoring environmental media and implementation of institutional controls; conducting necessary corrective actions; and performing other regulatory, administrative, records, and stakeholder participation functions. The annual report presents a summary of the stewardship services performed in 2003 and verification that these Title I disposal sites remain in compliance with license requirements.

Copies of the annual report have been sent to information repositories associated with the Title I sites. This report is also available on the DOE website at [http://www.gjo.doe.gov/programs/ltsm/general/tech\\_doc/index.htm](http://www.gjo.doe.gov/programs/ltsm/general/tech_doc/index.htm). In addition, the individual site inspection reports are accessible by clicking on a site on the map or in the dropdown box at <http://www.gjo.doe.gov/programs/ltsm/maps/title1.htm>.

Requests for hard copies should be directed to Wendee Ryan, S.M. Stoller, 2597 B 3/4 Road, Grand Junction, CO 81503, or at 970-248-6765.
